RE: PARLIAMENT MODEL AND PHOTO RE-USE

Dear Frank,

Attached please find copies of the purchase orders, talent head-shots, and model contracts from both the Parliament 1993 Tunisia shoot and the 1994 Spain shoot.

Tunisia

The foreign models were bought-out for three years at the time of the shoot, however the American models were only paid for one year unlimited usage which ended on Dec.3, 1994. Thus, if you intend to re-use any Tunisia creative you must pay the three year bonus to the American models, Dirk Williams, Kathy Storer, and Richard Wiese. Larry Dale Gordon, the photographer, has been paid for all situations with unlimited usage rights.

Spain

All of the models used in the Spain shoot were paid for a three year unlimited buy-out starting from the first date of the shoot, June 14, 1994. The photographer, Steven Wilkes, has been paid for the following eleven situations/settings for unlimited usage. Please note, you may modify these executions in any way you choose with no financial repercussions.
